Autumn 2004

A new skate park in early 2005

PARISH councillors have made an early New Year's resolution - to create a top class skateboard park for local youngsters.

The project was given the 'green light' after Sprotbrough and Cusworth Parish Council secured a **£25,000** grant towards the cost of the project from waste recycling business WREN.

The cash is from a landfill tax - money raised by charging local authorities and other waste contractors for disposing of waste in landfill sites. Grants are available to areas like ours which are situated close to landfill disposal sites like the one at Scabba Wood on Cadeby Road.

The grant windfall from **WREN** gave the project the welcome boost it needed. As *Sprotbrough and Cusworth Parish News* went to press tenders for the project were being received and the successful contractor was due to be announced. The work is set to cost around **£80,000**, with the lion's share being funded by the parish council.

Coun Pat Haith, Chair of Sprotbrough and Cusworth Parish Council, said: "This is a great step forward for our plans to create more facilities for local young people. We expect building work to start in January and, depending on the weather, take around six weeks to complete. This means the skatepark will definitely open in early 2005.

"We are grateful to **WREN** for its support for our bid. The grant has gone a long way towards financing the scheme."

The proposed design for the new skate park is now itching to be brought off the drawing board and built on Sprotbrough's Anchorage Lane playing field, on a site behind the new changing rooms and close to the Scout hut. National charity, Groundwork Trust, is managing the project for the parish council.

The design - pictured right - includes various ramps and a large bowl, together with a seated area and a

grid at the entrance to prevent dogs from entering the area.

Local youngsters and residents gave the plans a big 'thumbs-up' at a special consultation event held at Anchorage Lane in February. More than 50 young people came along to give their views to Groundwork Trust, left. The skate park was designed with input from local resident Steve Gratton, a former skateboarding and BMX champion.

STOP PRESS - calling all skate board and BMX fans. A meeting to form a 'Friends of the Anchorage Lane skate park' group will be held in the Committee Room, Goldsmith Centre, Sprotbrough Road at 7.15pm on Tuesday 14 December. Steve Gratton and Area 51 Group members will be there. Please come along. For more information ring the Clerk, or Deputy Clerk to the Parish Council on 01302 788093.

ALL ABOUT COMMUNITY FIRST

A new local initiative from Doncaster Council, aiming to make our community a cleaner, tidier and safer place to live.

Hello from the local Community First team

Team Leader - Sharon West
Community First Officer - Pat Williams
Community Safety Warden - Tom Fent
Community Safety Warden - Michael Eardley

THE Mayor launched Community First across Doncaster borough in September 2003. Community First is a new way of providing a range of council services at neighbourhood level. We have a number of staff including those listed above working in and around the local area.

You can contact the Community First team, which is based within your own community by telephoning Customer Services on (01302) 736000. You can talk to any member of the team working in the area to request a service or to provide your views and contribute to the development of services across Doncaster Council.

COMMUNITY FIRST DELIVERS THE FOLLOWING SERVICES:

- grounds maintenance, public rights of way
- waste collection service, street cleansing
- pest control, dog wardens

- public conveniences
- community safety - through community safety wardens
- customer services

We are always looking for ideas to improve the way that we deliver all Doncaster Council services. Community First is a significant step towards improving our performance, responding to community needs and working with residents to achieve excellent services.

Our Community First officers assist residents in accessing services by directly taking requests from customers and ensuring that the services provided are delivered to the appropriate standard. Our staff will be working towards the creation of safer, cleaner and tidier neighbourhoods.

Our Community First officers and safety wardens are also authorised to issue £50 fixed penalty notices to anyone who litters the environment and dog owners who will not clean up after their pets. Please note that the dog fouling laws include all highways in the borough where the speed limit is 40 mph or less and include the verges as well as the footpaths. We are now taking a proactive approach to issuing fines and prosecuting individuals.

INTRODUCING YOUR NEW COMMUNITY FIRST SAFETY WARDENS - TOM AND MICHAEL

WE would like to take this opportunity to say 'hello' to all the people of Sprotbrough! You may have seen us already, on patrol in our orange jackets. We are keen to help and welcome opportunities to speak to residents. We are part of a borough wide team but work specifically in Sprotbrough to provide a high visibility patrol and to observe and report incidents we come across such as anti social behaviour, street crime and environmental issues such as fly tipping and graffiti.

We hope to provide a reassuring presence to the residents of Sprotbrough. As Safety Wardens we are highly trained in several areas of crime prevention so please feel free to enquire about the services we can provide such as domestic property surveys, property marking, bogus caller presentations to the elderly along with personal attack alarms. Also ask us about providing smoke alarms for the elderly and 'message in a bottle' medical aids. Our service and advice is completely free and confidential.

Sprotbrough is a lovely place to live and we want to work with you to keep it attractive and safe. We hope to reduce crime and the fear of crime and will seek to enhance its physical appearance by reporting environmental issues and problems.

When you see us, please stop and talk to us - we are happy to help with your enquiries!

- To contact any member of the Community First Team please ring (01302) 736000.

TARGETING THE FLY TIPPERS

OPERATION Fly Tipper was officially launched across the Borough by Mayor Martin Winter In April this year - and is already making its mark in our area.

The scheme was launched to complement the Mayor's **FLAG** initiative (Fighting Litter, Abandoned Cars and Graffiti).

A dedicated response team monitors identified hot spots across the Borough to target fly tipping - which is an environmental crime - and take action against offenders.

Resulting from evidence found in the Nursery Lane area of Sprotbrough, two fixed penalty notices were issued last month. Investigations are also ongoing following further evidence found in other hot spot locations on the west side of Doncaster.

Early indications show that this initiative is proving successful and it's hoped that a scheduled evaluation, followed by more awareness raising early next year, will be both encouraging and effective.

- All Operation Fly Tipper enquiries should be made through the FLAG hotline on (01302) 736050.

TEAM TRAINED TO SAVE LIVES IN SPOTBROUGH

SOUTH Yorkshire Ambulance Service (SYAS) is looking for more volunteers to join a newly formed community team that's trained to save lives in Sprotbrough.

Members of the six-strong Sprotbrough First Responders' squad provide immediate care to people in the local area who :

- have collapsed;
- are showing signs of having a heart attack; or
- are having difficulty breathing.

Volunteers work on a rota basis, giving as little or as much time as they can. They have all been trained in resuscitation and the use of an automatic external defibrillator (AED) - used to deliver a controlled electric shock to the heart - as well as other skills to enable them to deal with incidents confidently. A number of similar schemes operate in communities across the Doncaster area and SYAS is keen to encourage more volunteers to get involved. The training is free and the skills members learn can prove invaluable.

The team shares an AED and other equipment as well as a mobile telephone to enable them to keep in contact with SYAS's communications centre at Rotherham. Whilst on duty they can be called on to respond to calls in the Sprotbrough area to administer treatment until an ambulance crew arrives.

The service is put into action once a 999 call has been received and an ambulance has been despatched. Members have already responded to emergency calls in the Sprotbrough area, mainly to administer oxygen to people who were having difficulty breathing.

Sprotbrough and Cusworth Parish Council is backing the scheme by providing the Goldsmith Centre free of charge for the team to use for their six-weekly refresher training sessions

- If you would like more information about the Sprotbrough scheme, or are interested in joining, please contact Julia Massey at South Yorkshire Ambulance Service on 01709 820520 ext 857. Julia would also like to hear from anyone interested in starting a similar scheme in Cusworth or Scawsby.

THE CHURCH THAT COST JUST £1,610 TO BUILD

Rev Bob Stevens takes a journey down Memory Lane to uncover the history of the former Sprotbrough Road Methodist Church

SEEING the new Newton Medical Centre on Newton Lane reminded me of the building it replaced - Astley Hall - which was Sprotbrough Road Methodist Church until 1977.

Sprotbrough Road Methodist Church was opened on 4 March, 1939 by Mrs Hutchinson and the Sunday school was opened one week later - on 11th March, 1939 - by five-year-old Keith Woodward. At that time approximately 110 children attended. The dedication ceremony was conducted by Rev G. Boyd MacGarr, chairman of the Doncaster and Barnsley District., where it was announced that all but £200 of the cost had been raised. On 10 July, 1941, the General Chapel Committee made the final contribution of £45 - the debt of the church having by then reduced to this amount.

The first recorded evidence of an interdenominational Sunday school was in January 1935 at 'The Social Hall', a World War I army hut on Sprotbrough Road. It was sited close to what is now Richmond Hill Primary School. Assistance to build the Sunday school came from Park Methodists, particularly from Arthur Rylatt, a former Sunday school superintendent from Alder Grove. It is known that on at least two occasions appeals were sent to other churches, and to the parents of the children, therefore it is reasonable to assume that most of the money was raised by donations.

Mr Bailey, the owner of the land offered the site on Newton Lane as a gift on condition that a 5' high wall was built on the boundary of the site. A Deed of Gift was prepared and the conveyance of the land is dated 17 August 1938. Plans were prepared by H. A. Hickson, chartered architect of Doncaster, which included provision for a central hall, seating for 180 people; a raised platform 20' x 12' to hold a pulpit and reading desk; a kitchen, meeting room and toilets. The original plan was for eight classrooms, each 11' square, and a vestry, all leading from the communal hall. But the classrooms were never built. Builders Messrs Stainton and Taylor of Balby estimated a cost of £1,410 (including the boundary wall), plus £100 for Radiant gas heaters and a further £100 for miscellaneous items. Total cost £1,610.

After the outbreak of World War 2, things changed. The West Riding County Council commissioned the church to be used as a school for evacuee children. The church was still used for Sunday services and Sunday school until 1942 when the requisition was withdrawn.

In 1952, a meeting was called to fill some of the vacancies caused by the retirement of Arthur Rylatt as he was leaving the district. Mr Rylatt was an original member and founder of the church and Sunday school. Mr E Broome was appointed secretary to the Church society and Alan F. Round was appointed organist and choirmaster.

The interior of the church was very plain and unattractive and the gas radiators on the wall did not improve the appearance. During 1969 Brian Cartlidge, a local decorator, improved the interior of the church and spent many days painting a large mural depicting 'The last Supper' on the north east wall.

During the 1960s and early 70s the number of members declined and in 1973 the church amalgamated with Sprotbrough Park Methodist Church and eventually only the Sunday school continued. When then the building was sold the Sunday school continued at The Goldsmith Centre, then in the early 1990s adults joined in. Since then the church has continued to grow.

Today Sprotbrough Road Methodists meet every Sunday at 10.30am in the Goldsmith Centre where you will find a warm welcome. Please come and join us.

Bob's policing the local 'patch'

MEET PC Bob Williams - our new community officer.

PC Williams has taken over the Cusworth, Scawsby, Scawthorpe and Sprotbrough beat from PC Chris Plumridge, who has moved to other duties within South Yorkshire Police.

And he's quickly set out his key policing priorities for making the area a safer place to live and work, with curbing anti-social behaviour being at the top of his list.

He said: "Youth nuisance, vandalism, and bad behaviour in the street are what I'm initially targeting. It's important to tackle such problems as they not only cause distress to local residents but can often lead to more serious offences if they are not nipped in the bud.

"I've plans for many more initiatives as well, including targeting the illegal use of motorcycles on the linear park (old railway line) which runs through the area. I'll be keeping in regular contact with the parish council to pick up any issues that parishioners raise, as well as keeping the parish councillors informed about local police initiatives.

"Sprotbrough and Cusworth have relatively low levels of crime compared to many parts of Doncaster - and I want that to continue."

PC Williams has notched up more than 25 years service with South Yorkshire Police, mainly in and around Doncaster town centre. He's now based at Bentley Police Station, where his working days and times will vary depending on operational issues. If anyone wishes to report an incident or a crime they should contact South Yorkshire Police on 01142 202020. If it's an emergency then obviously the 999 number should be used.

For non-urgent community issues a message can be left for PC Williams on his voicemail: 01142 821010 account number 12838

Progressing well in Cusworth and Scawsby.

THE Scawsby and Cusworth Appraisal Group were successful in obtaining funding from the West Community Forum to stage a summer play-scheme project. The scheme, run by Doncaster Council's Streetsport team, operated on the Barnsley Road playing field every Friday afternoon throughout the school Summer holidays. Community safety wardens were always on hand to provide information to both children and parents.

Coun Pat Haith, Chair of Sprotbrough and Cusworth Parish Council, said: "I visited the field to watch the boys and girls thoroughly enjoying themselves playing football. One of the youngsters, Jake Nutall, pictured above with Pat, told me he wished Streetsport had been there every day because he and his friends were having a great time. It was all thanks to the dedication and commitment of the Scawsby and Cusworth Appraisal Group

"The Group is now focusing on one of the key action points identified in the Scawsby and Cusworth Appraisal - improvements to the Roman Ridge. Members have been on a fact-finding tour of the area - along with representatives from local agencies - to identify what work needs to be done to make the Ridge a pleasant walk that the area can be proud of. The appraisal group plan to hold a public meeting in the Spring to update residents on how their work is progressing."

Just the tonic

A FAMILY doctor who took over a Sprotbrough surgery faced with closure has taken on a second GP as his partner and is promising more doctors are on the way as their new-look practice develops.

Dr Greg Connor's Park View Surgery moved into Sprotbrough's newly built Newton Medical Centre a few weeks ago and he has now been joined by Dr Cathy Freeborn, who has worked in Barnsley for the past 10 years, specialising in both child health and family planning during that time.

Dr Freeborn said: I was attracted to Sprotbrough by the superb facilities the new building provides for both staff and patients alike, and the excellent reputation the practice has built up in a very short time for serving the local community well."

And joining the clinical team is a second practice nurse, Julie Utley from Scawsby, who also agrees the two-storey building on Newton Lane takes some beating.

Dr Connor said: "We are seeking approval to be a training practice which means that from August 2005 we hope to accommodate doctors who have completed their basic medical training and want to specialise as GPs. This is good news for the Doncaster area, which has a shortage of family doctors, as research suggests that many GPs tend to settle in the area where they have completed their training. It will also enable our practice to develop further the services we provide for our patients."

Dr Connor came to Sprotbrough three years ago to look after patients of Dr Tariq Faruqi, who had just retired after operating for many years from a surgery at his home on Sprotbrough Road. The former Doncaster Health Authority couldn't fill the vacancy left by Dr Faruqi so suggested the practice be disbanded and patients reallocated to other existing practices – a proposal overwhelmingly rejected by local patients at a heated public meeting held at the Goldsmith Centre.

Doncaster West Primary Care Trust (PCT) then sought a solution to the problem - by joining forces with Sprotbrough and Cusworth Parish Council to build a temporary surgery alongside the Goldsmith Centre and then recruiting Dr Connor to the area. The PCT has worked closely with the parish council, Dr Connor and Dr James Nelson - whose practice shares the new medical centre - to bring the £1.3 million building off the drawing board.

Dr Lis Rodgers, Chair of Doncaster West PCT's Professional Executive Committee, said: "Three years ago we promised the patients of Sprotbrough that they would not lose their local GP when Dr Faruqi retired. We have not only kept that promise but also provided a magnificent new medical centre for two local practices which serve the area."

Newton Medical Centre is the second major investment in new health facilities in Sprotbrough in the past year, following on from the Scott Practice's new branch surgery on Main Street, pictured here.

● As Sprotbrough and Cusworth Parish News went to press, Health Minister and Doncaster Central MP, Rosie Winterton, was scheduled to officially open Newton Medical Centre.

New faces join the Park View team - Dr Connor (with L-R) Dawn Ellor, Julie Marshall, and new recruits Julie Utley and Dr Freeborn.

Scott Practice branch Surgery

HAVING YOUR SAY IN SPROTBROUGH

SPROTBROUGH folk have been having their say in how they would like to see their area improved.

And it seems that motorists racing along Melton Road at break-neck speed, and 'fly-tippers', are amongst their top grumbles.

Since September, more than 450 residents of all ages have taken part in a series of outdoor and indoor consultation events to comment on important local issues like the environment, health and leisure activities.

The Sprotbrough Community Consultation was staged by Doncaster Council as a follow-up to the Sprotbrough Community Appraisal (SPA), which went out in 1998/99 in the form of a questionnaire that was completed by around 900 people. The SPA highlighted residents' views about the area just ahead of the Millennium, which were captured in a 50 page report. Doncaster Council is keen to see if, five years on, those views have changed or stayed the same. Doncaster Council staff have staged small, informal, open air consultation events around local shops and the post office, and larger events at St Mary's Church Hall and Sprotbrough Library. Early feedback suggests that residents share a lot of common ground about what makes them angry, including:

- Vehicles racing along Melton Road - more traffic calming needed.
- Long queues at the town end of Sprotbrough Road, particularly caused by vehicles trying to get to the KFC fast-food outlet.
- Danger of accidents at the Melton Road (Ivanhoe) junction with Spring Lane and
- Illegal dumping around the area - particularly tyres.
- Motorists using Park Drive as a 'rat-run' from St Mary's Church to Melton Road.

Some local people said they were happy with Sprotbrough as it stands and couldn't suggest any ways of improving it.

In 1998/99, residents highlighted the local problem of dog fouling...called for CCTV cameras to improve community safety...said they would like to see more parks and open spaces...as well as making many more comments.

At this year's indoor events, residents were invited to place special cards on a large map of Sprotbrough. Each card highlighted a particular topic issues they wanted the local authority and other agencies to focus on - such as 'dog fouling problems here', or 'a basketball court here', and 'a cycle route' here. Organisers reckon that residents picked out over 2,000 cards and placed them at various points on the map during the consultation events.

Coun Malcolm Wood, Vice Chair of Sprotbrough and Cusworth Parish Council, said: "I'm pleased that parishioners took the time to air their views as it is important that the local community plays a key role in shaping the decisions that affect us all. The parish council looks forward to seeing the consultation report when it is published to see how we can help progress the changes that our residents would like to see take place."

Pictured at the consultation event at Sprotbrough library are L-R Tony Guest, Sharon West and Paula Briggs from Doncaster Council, with local residents Bernard Pearson and Bradley Carpenter.

Looking back: Scawsby Rangers Junior FC enjoyed their third season.

SCAWSBY Rangers have kicked off their fourth season after faring well in 2003/04.

The side is hoping to repeat the flying start they enjoyed last season, which saw them reach the final of a tournament at Dearne Valley, against better-rated teams.

Performances over the rest of the season were dogged with uncharacteristic results in so much as the team beat the top of the league but were unlucky to not get a result at the then bottom of the league. But this has not deterred them and the side continues to grow and enjoy their football, building team spirit, sportsmanship and fitness at the same time.

The youngsters have enjoyed tickets to various tournaments and qualifying matches at all age groups up to the full England squad. This is because they are the only club in the Doncaster & District Junior League to achieve Charter Standard Status. They have visited the grounds of Notts County, Newcastle, Hull City, Sheffield Wednesday, Sheffield United and Doncaster Rovers. And the squad have been ball boys at Doncaster Rovers' Earth Stadium.

Their achievements owe a lot to the dedication of the parents who give up their time to assist with training and fund raising. The side would also like to thank the treasurer who does a mountain of work behind the scenes.

The Rangers are still on the look out for a dedicated pitch as they currently ground share with Wheatley Hills Rugby Club, a partnership that is much appreciated.

Rangers players warming up.

New name for Newlands?

CUSWORTH'S Newlands Park grounds could be heading for a name change.

Parish councilors have given the 'green light' to an idea from Sprotbrough and Cusworth Crusaders Junior Football Club that players organise a competition to suggest an alternative name for the site, which is home ground to their age sides. Parish councilors have been asked to judge the entries and the Cusaders' organisers have offered to provide a prize to the winner.

Sprotbrough and Cusworth Parish Council has also agreed to provide a trophy to the team, to be known as the Parish Council Cup. Councillors were impressed with another proposal from the Club to arrange for the players and supporters to carry out regular litter picking patrols in the area surrounding the football pitches.

The Club is keen to get more involved in the use and management of the pitches at Newlands Park and is currently having discussions with the Parish Council.

Well done!!

IN just one week, regulars at the Ivanhoe hotel collected more than **£3,500** for the Haematology ward at Sheffield's Hallamshire hospital.

They organised a series of fund-raising events, including 5-a-side cricket, sponsored karaoke, and an auction.

Sprotbrough and Cusworth Parish News

THIS newsletter is delivered with the Doncaster Advertiser. If you have a friend, neighbour or relative who lives in the Sprotbrough and Cusworth area but does not receive a copy Sprotbrough and Cusworth Parish News please let them know they can pick up a copy from Sprotbrough Library, Sprotbrough Post Office, The Goldsmith Centre or Scawsby Community Centre.

Briefly

BLOOMIN' LOVELY

LOCAL schoolchildren have been getting close to nature, thanks to your parish council. Councillors agreed to pay for hundreds of spring bulbs which have been donated to the following schools - Anchorage Lower and Upper, Copley Junior, Orchard Infants, Richmond Hill Primary, and Saltersgate Infants and Juniors. The youngsters are planting the bulbs as part of their studies.

GOLDSMITH MAKEOVER

PAINTERS and decorators went to work on The Goldsmith Centre during the summer, to give the popular community venue a well deserved 'makeover'. The centre, which during the week plays host to many groups of all ages, is available for hire by parishioners at very competitive rates. Ring Tom Hinds, Deputy Clerk, on Doncaster 788093 for more details or to arrange a look round.

NEW FLATS

YOU will probably have noticed that building work has started on the flats development at the town end of Sprotbrough Road. Planning permission was granted by Doncaster Council - which is the local planning authority- and not by your parish council. Sprotbrough and Cusworth Parish Council, acting on behalf of residents, put forward observations on the proposal before a decision was made.

FIRST CLASS

THE Post Office on Thorpe Lane, Sprotbrough, is now able to issue road fund (car tax) licences, saving parishioners having to travel further afield to renew them. Please make use of this local service.

REMEMBER THEM

EARLIER this year the big-hearted 'Friends of Cadeby Church' raised a magnificent £345 by staging 'A village remembers D-Day' in the church hall. The money was donated to the Royal British Legion (Sprotbrough Branch) 2004/05 Poppy Appeal. It will be used to support ex-service personnel and their families. If you would like to support next year's Poppy Appeal by staging a fund-raising event to mark the 60th anniversary of the end of World War II, please contact the Sprotbrough branch secretary, Brian Sharman, on Doncaster 537231.

GOOD REPORT

"A RAPIDLY improving school with very good leadership, good teaching and learning, good governance and well behaved children"-that was the view of Ofsted inspectors after reviewing Sprotbrough's Richmond Hill Primary School. Headteacher Jill Sheedy said: "It was a united effort and the report reflects the hard work of the staff, pupils, governors and parents. We know where we are going and the inspection team acknowledged that we are taking the school in the right direction."

TIMELY GRANT

SPROTBROUGH and Cusworth Parish Council awarded a grant to ensure one of Sprotbrough's local landmarks keeps good time. Councillors made the donation towards the cost of repairing St Mary's Church clock on Main Street, which is now back in full working order.

DOWN YOUR WAY

WOULD you like to attend one of the parish council's monthly meetings but find the venues difficult to get to? We're always welcome to suggestions about alternative meeting places-contact Anita or Tom on Doncaster 788093 if you have any ideas. For your information we meet on the third Thursday of the month, with the Planning Committee starting at 7pm, followed by the full Parish Council Meeting at 7.30pm. The meetings are held at The Goldsmith Centre every month, with the exception of March and September, when they are held at Scawsby Community Centre.

FREEDOM OF INFORMATION ACT

UNDER the terms of the Freedom of Information Act 2000 Publication Schemes, you can inspect the following parish council information at a designated time. Ring Parish Clerk Anita Unsworth on Doncaster 788093 for more details. Because of the cost of the administration time involved, we will have to charge 50p a sheet for any information you require photocopying. Classes of Information available for inspection:

Council Internal Practice & Procedure

- 1) Minutes of Council, Committee & Sub-Committee Meetings (limited to last two years)
- 2) Procedural Standing Orders.
- 3) Annual Report to the Parish Meeting.

Code of Conduct

- 1) Members' Declaration of Acceptance of Office.
- 2) Members' Register of Interests
- 3) Register of Members' Interests Book.

Periodic Electoral Review

- 1) Information relating to the last Periodic Electoral Review of the Council Area.(Parish only)
- 2) Information relating to the latest boundary review of the Council area(Parish only)

Employment Practice & Procedure

- 1) Terms and Conditions of Employment
- 2) Job descriptions

Planning Documents

- 1) Responses to Planning Applications.

Audit & Accounts

- 1) Annual return form - limited to last financial year.
- 2) Annual statutory report by auditor (internal & external) - limited to the last financial year.
- 3) Receipt/payment book, receipt books of all kinds, bank statements from all accounts - limited to the last financial year.
- 4) Precept request - limited to the last financial year.
- 5) VAT records - limited to the last financial year.
- 6) Financial Standing Orders and Regulations.
- 7) Assets Register.
- 8) Financial Risk Assessments
